### The 8 Day ThetaHealing™ Boot Camp is a huge success:

The Theta Devas recently started teaching the Basic ThetaHealing™ Practitioner's Course, Advanced ThetaHealing™ Practitioner's Course and the Manifesting and Abundance Course as an 8 day "Boot Camp". The Boot Camp has been hugely successful with participants being able to totally immerse themselves into ThetaHealing™. They were all able to implement it into their daily lives and are now living the ThetaHealing™ Lifestyle. Rather than having ThetaHealing™ as something they do, it is now something they live and breathe.

The Boot Camp certainly helps participants to live a Seventh Plane Existence, as well as giving them more confidence to use their new found skills on themselves and on those around them.

The courses can be taken individually or as a complete Boot Camp.

Congratulations to all of the Bootcamp graduates and those that joined us for the individual courses that they required to continue their journey.

The next ThetaHealing™ Bootcamp will be 23- 30 January (Basic 23- 25 Jan, Advanced 26- 28 Jan, and Manifesting & Abundance 29- 30 Jan 2010)

### Belief Busters :

**Issue:** Most Spiritual Teachings say that you have to get rid of your ego. Is that really the best way to be spiritual?

**Answer:** You raise a very interesting point here. In her teachings Vianna says to "make your Ego your Amigo". Too many people fear their ego and you will hear the cry of "Ego" go out amongst people when a person does anything with a bit of confidence. So that puts a negative energy around the word Ego. But our Ego does serve us at times and that is the key. Does your Ego serve you or do you serve your ego??

We have all seen many examples where people allow their Ego to take over. Make your Ego your friend and all will be well.

Also Remember that Spirituality is a personal journey and you will know what is right for you.

### "100 Reader Theory" :

2010 is almost here and is full of infinite possibilities. Let's put our energy into 2010 being a year of abundance and prosperity. We can live free of buying into the group consciousness of fear, especially when we all concentrate our energy towards one cause.

### The Three V's:

...In our day-to-day lives we do things according to our Values, Vision and Vibration without even being aware of it. If at any time, any or all three are out of alignment, usually the outcome is less than optimal. It has taken me a long time to work out the delicate model that when I am in alignment with, always assures me a very happy day indeed...
