### World Relations is making a world of Difference

The world is going through a great change right now. People are becoming more empowered and have more collective power than ever before. Social media (Facebook, My Space, Twitter etc) is connecting people all over the world, and these groups of people are demanding more from our leaders and are now telling companies what they want, instead of being told what they should want. Did you know that there are over 20,000,000 people from all around the world each day that play a little game together on the internet called "Farmville"? The people of the world are being brought together by common interests and causes. The borders of our countries are no longer affecting who our friends are. It is a very interesting time to be here on Planet Earth.

Anyone who has gone to "THInK" in Idaho Falls would have experienced the "globalness" of ThetaHealing™. Students and teachers are all coming together for the one reason and that reason is to learn and teach ThetaHealing™.

One course that is making a huge difference in the world is the World Relations Course. Imagine what would happen if we learnt how to love people from all countries, all religions and all lifestyles, (even if we do not like or agree with them). It would make it impossible to be at war with them or to kill them. This is precisely what the World Relations Course is about. This course will help you move from a regional mindset to a new global consciousness. Would you like to be an integral part of the global community? Would you like to know how to truly love your neighbor regardless of their origin? Do you feel like you are at war with yourself, your heritage or your ancestry?

The World Relations Course will help you with all these issues and many more that you are unaware that you have. This course will change your life forever.

**Theta Devas will be holding a World Relations Course in Brisbane, Australia 26 - 30 April 2010. Positions are still available: To book call 1300 LYF STL or [click here](#). The pre-requisite for this course is the Intuitive Anatomy Course.**

### DNA 3: it's more than just doing tricks!!!

DNA 3 is a course that has been talked about for many years and it has lived up to all of the expectations. DNA 3 is a course that will take your healings and your life to another level all together. Sure you will learn a new way to do telekinesis but more importantly you will learn how to create your own reality and how to step out of it at will. Learn how blessings can be more powerful than a curse. Learn how to supercharge your healings. DNA 3 is a must for any ThetaHealer™ that truly wants to be able to walk their talk and take their healing ability to a whole new level.

**Theta Devas will be holding a DNA 3 Course in Brisbane, Australia 17 - 21 May 2010. Positions are still available: To book call 1300 LYF STL or [click here](#).**

**The pre-requisite for this course is the Intuitive Anatomy Course (it will help you to have done as many of the ThetaHealing™ Practitioners courses as possible).**

### Belief Busters :

**Issue:** I was told by a teacher in another modality that I have to "kill" my ego. I have read in lots of spiritual books that the ego is our enemy and that it needs to be shut down. Is this true?

**Answer:** I have read the same books and authors and I was doing the same thing until I learnt ThetaHealing™. In one of the Practitioner Courses Vianna quotes an old saying "Make your ego, your amigo". This quote really helped me to gain control of my ego and not see it as my enemy anymore. The ego still needs to be contained otherwise it will convince you that you are the one doing the healing rather than the Creator of All that is. Treat your ego as you would a friend. It does not need to be killed, shut down or "unfriended". It is an important part of who and what we are as humans. We just need to learn how to be in a harmonious relationship with all aspects of ourselves so that we can live the wonderful life that we are creating.

### "100 Reader Theory" :

On Facebook we have started a page called the 'ThetaHealing Prayer, Healing and Support Page'. This page is designed to be a place that we can send prayers and healing for each other. To join the page [click here](#).

So this month we would like you all to send love and blessings to all past, present and future ThetaHealers™.

### Quotes of the Month:

**"We are all on the same path, we just choose to wear different shoes."**

## ThetaHealing™ Blog Bytes:

Here is a little "taster" of our recent blog post:

Practitioner, Friend or Partner: Who will you be??

One of the things that I have noticed since starting my journey into the healing arts is that everyone wants to heal everyone and everything. This is not always a bad thing, but it is definitely not always a good thing either. There are sometimes that it is just not appropriate to be healing everything and one of these times is when your partner needs you to be their partner or friend...
