

Welcome to the Theta Devas Newsletter

We had such a great response to our first Newsletter that we decided to do it again. Thank you all for your feedback and warm wishes for our trip to DNA 3.

DNA 3: 5-9 January 2009

The girls at Theta Devas were invited by Vianna to be at the first ever DNA 3 course. When Vianna first started talking about this course she thought that it would be 3 months long, then it was shortened to 3 weeks and eventually is was conducted over 5 days. The reason for the shorter course was due to the participants doing so much belief work on themselves.

There were 58 participants from all around the world and as you would expect everyone was so excited to be there. Surprisingly there was only one other Australian on the course. It was quite surreal going from the scorching heat of mid summer to the absolute cold of mid winter. Vianna held off the snow storms until all of the students turned up safely and then on the first day of course the snow fell. It was so beautiful and cold.

While they were in Idaho Falls Pauline and Rae took the opportunity to go to the Lava Hot springs with some class mates. "I felt like one of those Japanese Monkeys that sit in the rock pool and have snow on their head. It was so awesome" said Pauline.

The DNA 3 course will be offered to ThetaHealing Practitioners who have done their Intuitive Anatomy later in the year. The course will be in Idaho Falls, but Vianna is going to be offering a DNA 3 Teachers course later in the year which will see the course offered in Australia. It is highly recommended that you do as much belief work as you can before doing this course as you will learn new skills that may trigger you.

The Theta Devas are ensuring that all of their students know what to expect in DNA 3. But they will not be teaching the DNA 3 skills until they are qualified to do so.

Theta Devas are making a "Difference"

Recently the girls were approached by an Australian Film Maker to be collaborators in a movie that is being made. It will be a mix between "The Secret" and the "What the Bleep?" movies.

This is an exciting opportunity for Pauline and Rae to promote ThetaHealing to a wider audience. The vision is for 6,000 collaborators worldwide to tell people how they are making a difference in their own life and the lives of others. There are 6 Billion people on the planet and it will only take 6,000 people to contact them all.

Belief Busters:

Belief: I have to drop my prices because no one will want to pay what I am charging for sessions.

Busted: There is a saying "if you think you can or you can't, you are 100% right". If your belief is that no one will pay you what you are worth, then they won't, likewise if you think that you are worth the money then others will believe that too.

You can always check in with Creator and get the highest truth.

The 100 Reader Theory:

Taking a leaf out of the '100 Monkey Theory', we thought we would buck the Group Consciousness and start the '100 Reader Theory'. We now have over 100 readers and if we all focus on taking action on the unlimited opportunities for creativity that 2009 is presenting us all with around the world. We can and will make a difference! Let's do it!!

Let your light shine in 2009!

With all the doom and gloom about the world economy, it may seem as though that there is nothing in 2009 to be excited about. Well that would be buying into the Group Consciousness and we all excel at being different. Last year while travelling to Sydney to teach a course, Pauline heard on the News that petrol was going to be \$2.00/litre before Christmas. She shared with her students that she believed that they could turn that around to petrol being only \$1.00/litre before Christmas. What was the price of petrol at Christmas time??? (under \$1/litre). By changing the Group Consciousness one person at a time, we can make great changes in the world.

When we can pull together and use our light to shine in a certain direction, imagine what we can achieve. Let your light shine in 2009!

Vianna's 'Disease and Disorder' book is now available.

ThetaHealing 'Disease and Disorder' book is a definitive guide to learn an in-depth understanding of releasing disease from an intuitive perspective. In this book are the Programs, Belief Systems, intuitive insights, remedies and supplements that Vianna has found to be of value as they pertain to certain diseases and disorders from experiences with over 47,000 sessions.

"New" in ThetaHealing™

Whilst in Idaho Falls on DNA3, Pauline discovered a "new" way of accessing instant information. She calls it "**Creatorpedia**". It is similar to the web based program called Wikipedia, but a lot more truthful and accurate.

DVD of the Month!

The 2007 DVD '**NEXT**' starring Nicolas Cage. The movie is about a psychic who can predict the future. He is also able to 'bi-locate'. Very cool skills!!! Let your imagination create your own reality. Let us know what you think.

Referral Program:

Our Referral Program's 1st recipient received a cash payment for his January referrals and subsequently reinvested the money into his own practitioner / personal development by purchasing Vianna's 'Disease & Disorder' book. Congratulations and many thanks go to Sheragal.
