

## Australia's first ThetaHealing™ Masters are teaching the World Relations Course!!

**Vianna Stibal** recently personally invited a small number of **ThetaHealing™ Teachers** to teach the **World Relations Course** and **Theta Devas** has 2 of them, **Pauline and Rae**. This is one of the courses that Pauline and Rae completed in **Idaho Falls** whilst qualifying for their **ThetaHealing™ Masters**. And they **both loved it!!**

This is such a **powerful** course that will **dynamically** change the way you see the **World**. Instead of only identifying with the town you were born in, in a particular state in a certain country, you will see yourself as a **Global Citizen** and an integral part of the **Global Community**.

**Theta Devas** have been invited to teach this class in the **UK, US and Canada**, but before they go, they want to help more people to get their **ThetaHealing™ Masters** qualifications in **New Zealand** in late April, and be presented this **prestigious award** from **Vianna Stibal** herself.

Their first course will be in **Brisbane, QLD** and then in **Cessnock, NSW**.

The goal for the girls is to teach **100 people in 100 days**, and it looks very likely that they will **easily exceed** that number.

## Congratulations to the new IA teachers.

**Pauline and Rae** had the privilege of spending some time with **Vianna** and her students on the Gold Coast during the recent **Intuitive Anatomy Teachers Course**. It was such an awesome experience to catch up with **old friends** and meet some **new friends** from all around the world.

After an intense 3 weeks, Australia now has a new "batch" of **Intuitive Anatomy Teachers** who are all starting to get ready to teach their first IA courses. Keep an eye out. Everyone at **Theta Devas** wishes you all well with your courses.

By the way the **IA course** is one of the **Practitioner pre requisites** for the **World Relations course**.

## Theta Devas are in for a big year ahead.

Pauline and Rae are extremely excited to be teaching the **World Relations Course**, and are counting down the days. It may also be the **first one** in **Australia**. How exciting!!

This will be an **exciting year** for the Girls, as they are in the final process of organising their next trip to **their second home, Idaho Falls**, to do the **teachers courses** for **DNA3**, and **Disease and Disorder** Courses with this and their upcoming **World Relations World Tour - 100 people in 100 days**, they will certainly have great stories to tell. Stay tuned and we hope to see you all somewhere during our travels.

Love and Gratitude,

*Pauline and Rae xxx*
