

Welcome to the Theta Devas Newsletter Home of Australia's FIRST ThetaHealing™ Masters

Theta Devas will be at the Brisbane MindBodySpirit Festival 26, 27, and 28 June 2009

Pauline and Rae will have a stand (E30) at the **MBS Festival in Brisbane** and would love for you to come and say hello. They will have ThetaHealing™ resources for sale and are trusting that they will have the **new ThetaHealing™ Advanced Book** fresh from the US. Their Practitioner Courses will be available at festival prices. There will be **daily prize draws** and they will be **giving away a Basic ThetaHealing™ Practitioner's Course**.

Pauline and Rae will also be doing their **"DNA3 Special"** to give the Festival patrons a taste of ThetaHealing™. This amazing healing has evolved since doing the DNA3 Course in January. Recipients love the feeling and experience that the healing gives them. The "DNA3 Special" will be \$10, with a percentage going to the girls' favourite charities.

If you are intending to go to the MBS, Theta Devas have **1/2 price tickets** that can be sent to you. If you want tickets please send an email with you postal address to: info@ThetaDevas.com. These tickets can be used on any of the MBS Festival days.

Flu season and Swine Flu

One of the biggest News Stories lately is "Swine Flu" and the reports that it has now become a pandemic, so it is a good time to remind you that **Viruses** are linked to the emotion of **Worthiness**. If you resonate at the same vibration as the Virus it will be attracted to you, so to stop this from happening, raise your own vibration and stay there. Also, work on any worthiness issues you have. Obviously you still need to take the necessary precautions of washing your hands, covering your mouth when you cough etc. So be worthy and be healthy.

The Unexplainable Shelf

When Vianna teaches ThetaHealing™ to her students, she often refers to the unexplainable shelf.

The **Unexplainable shelf** is place that you can file "things" that you don't quite understand for the time being. In doing that you leave your mind open to possibilities that lie just beyond your current way of thinking. In the words of Albert Einstein, **"Problems cannot be solved by the same level of thinking that created them."**

Instead of closing your mind, try putting things on the Unexplainable shelf for now. As Vianna says, you don't need to believe in Fairies to see them. Try it out and see how this simple technique can change your life.

Belief Busters :

Belief: I heard that having the Creator's Definition is not always a good thing to have. Is this true?

True: We already have a reference point of certain Feelings in our life e.g. Depression, Illness, Grief, Poverty, Sadness, Sorrow, etc from our own experiences.

When we download the Creator's definition of these Feelings we get an opportunity to experience them with the Creator's definition, this can be a traumatic and highly turbulent time until we get the lesson.

Therefore it is advisable to only Download the Creator's Definition for positive Emotions and feelings e.g. Happiness, Joy, Abundance etc.

After using ThetaHealing™ to clear her Depression, Pauline was later downloaded with The Creator's definition of Depression by a teacher, only to bounce back into a period of Depression again.

Use The Creator's Definition wisely.

Note: All downloads in Vianna's manuals and book are safe to use.
