

### Welcome to the [Theta Devas](#) Newsletter

Who are we??

Theta Devas are Pauline Longdon and Rae Brent. We have been associated with ThetaHealing™ since 2005 and recently became Australia's first ThetaHealing™ Masters. We both come from a Military background, and since leaving the Army in late 2005 we have both explored our entrepreneurial skills. We are now on a journey to successfully merge Wealth Creation and Spirituality, into a concept that Rae calls "**Wealthality**". We are both extremely passionate about teaching people how easy it is to change their limiting beliefs by using the simple to learn and use modality of ThetaHealing™.

### What is [ThetaHealing™](#) ??

ThetaHealing™ is a healing modality that uses the Theta Brain wave to access the Subconscious mind to find limiting beliefs and to change them. ThetaHealing™ utilises several techniques that people can easily learn and use on themselves and others to make a sustainable change in their lives.

### Where did ThetaHealing™ originate ??

ThetaHealing™ was founded by [Vianna Stibal](#) after successfully treating a leg condition that was threatening her life. Over a number of years she refined the process into what we now know as ThetaHealing™. She lives and works in Idaho Falls, ID, USA.

Vianna has now established the THInK Institute in Idaho Falls, and travels all around the world training ThetaHealing™ teachers. The Theta Devas spent over 7 weeks at the THInK Institute, studying Vianna's ThetaHealing™ techniques thus completing their ThetaHealing™ Master qualifications.

### What can ThetaHealing™ do for me??

ThetaHealing™ can help you to let go of what is holding you back in life. Sometime we have beliefs that can be traced back to our ancestors so no matter what we do in our life time, we are still bound by these programmes e.g "Money is the root of all evil", or "We have to save for a rainy day" (not good in a drought). ThetaHealing™ is a very gentle technique where it will show you your beliefs without having to relive past traumas. We can help people have **breakthroughs without breakdowns** which empowers people.
